### Description

Flux-Off CZ Flux Remover is a highly effective cleaner for removing rosin-based fluxes from electronic components and assemblies. Utilizing Cirozane™, which is based on new HFE technology, this nonflammable, non-ozone depleting aerosol quickly removes flux without harming sensitive materials.

CIROZANE™ Cleaning Chemistry (CZ) - Now, with CIROZANE CFC / HCFC Replacement chemistry, you won't need to make any more undesirable trade-offs. CIROZANE-based products offer you a high performance, ultra-safe "drop-in" replacement to all CFC and HCFC chemistries.

CIROZANE chemistry is the result of an 18-month research effort. CIROZANE-based products offer all the performance of CFCs and HCFCs without any ozone depleting compounds.

# Chemicals: Flux-Off CZ
