Description

ControlWipes™ consist of cellulose and polyester nonwoven fabric. These wipes have excellent absorbency, and contamination entrapment, as well as high strength. ControlWipes™ are ideal as an economical utility wipe for any clean area.

FEATURES & BENEFITS

- Nonwoven, spunlaced polyester cellulose fabric
- General purpose lint-free wipe

- Packaged in a Class 100 cleanroom environment
- Strong, will not tear or shred; will not unravel or lint
- High absorbency and liquid retention
- Will not abrade surfaces
- Resistant to most solvents, alcohols and dilute acids
- For critical environment applications requiring contamination control

APPLICATIONS

- Clean Water Processing Areas
- Clean-up Acids and other Chemical Spills
- Wipe Down of Machinery, and Instrumentation
- Clean Photo-Mask Areas
- Clean Laminar Flow Benches
- Clean Quartzware
- General Purpose Wiping in Cleanrooms
