

CL8499 Manual Tip Cleaner

Tip Cleaner Systems. A complete cleaning system with splashguard and antisplash membrane to keep the work area clean and free of solder particles.

Rating: Not Rated Yet

[Ask a question about this product](#)

Description It also features:

Brass wool: Very effective cleaning method. It leaves a small layer of solder on the tip to prevent oxidation between cleaning and rewetting.

Sponge: The least harmful cleaning method. Keep the sponge damp with distilled water when working to avoid tip wear.

ESD safe Tip Wiper: A temperature resistant receptacle lets the operator remove excess solder by gentle tapping or wiping.

Non-slip base: No need to hold the base while cleaning tips.
